OUR STORY

Founded by two previously politically disadvantaged individuals Phillip and Thinashaka, Stay Simple Communications and Technology aims to provide safety and security in the crime challenged society. The pioneers of Stay Simple aim to provide car tracking, fleet management systems and close circuit television to individuals and businesses

OUR VISION

To be the best supplier and installer of cutting-edge GSM security systems in Southern Africa, the Continent and ultimately worldwide, in the next decade and beyond.

OUR MISSION

To lead the way in equipping Africans based in both rural and urban areas with the necessary technological resources to help them be in control of their safety through mobile-devices-linked security systems.

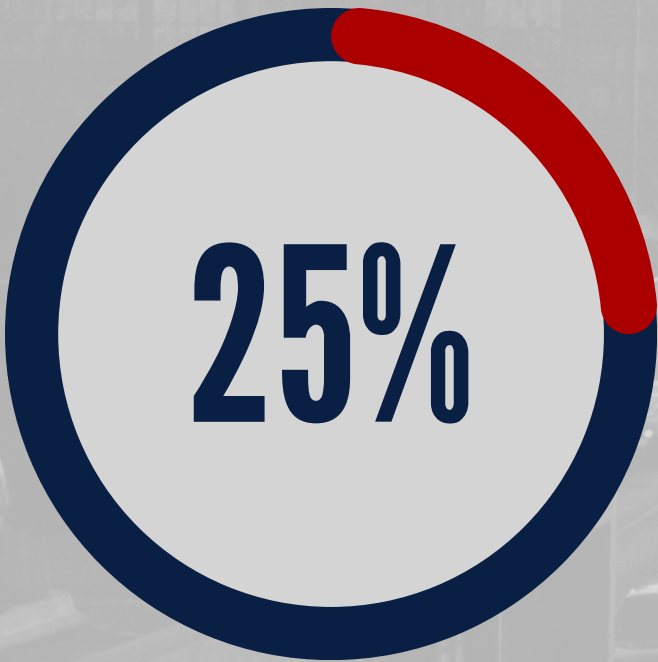

OUR VALUES

At Stay Simple Communications and Technology we value honesty, service excellence, professionalism, integrity and confidentiality. We take pride in conducting ourselves in accordance to the Batho Pele Principle. We put people first!
